Dear Admiral Turner:

The Senate Select Committee on Intelligence is currently conducting an in-depth study of the relation between policy-making and intelligence with regard to Iran from 1946 to the present time. In connection with this study, we have made arrangements to visit the relevant Presidential libraries in order to examine pertinent Presidential papers on the period, with particular regard to the estimates prepared for National Security Council consideration. In order to review some of these documents, Committee staffers will require written permission from the agency whose classified materials they wish to examine. They will similarly need written permission to reproduce those materials which would be necessary to their study.

I would therefore request that you provide the Committee with such written permission as will be necessary to cover materials originating in the Central Intelligence Agency currently held in the Presidential libraries of Presidents Truman, Eisenhower, Kennedy, Johnson, Ford and Nixon. I appreciate your cooperation in this regard.

Sincerely yours,

*Birch Bayh*
